

CALL FOR PAPERS

Society of Flight Test Engineers 48th Annual Symposium

The Henderson Beach Resort
Destin, Florida

30 October – 3 November 2017

This year's symposium theme is **Agility Across the Spectrum - Air, Space, and Cyberspace.**

The objective of the Society is the advancement of flight test engineering throughout the aerospace industry by providing technical and fraternal communication among individuals, both domestic and international, in the allied engineering fields of test operations, analysis, instrumentation and data systems.

Papers will be selected based on their potential to educate and inform. Papers must be technically oriented and should be suitable to provide value to a diverse international audience. Manuscripts will be accepted for online publication, but will not be required.

ABSTRACT INFORMATION

Abstracts should be no more than 150 words and provide your top ideas or lessons that your audience will remember, respond, and relate to. It should also provide how your ideas or lessons will be explained in your presentation. **For government and other applicable sources, abstracts MUST be directed through the proper public release process and the respective public release identifier must be included in the abstract.**

Abstract submission deadline: 7 July 2017

Email all abstract submissions, as well as questions regarding content, themes, or submission process, to:

Nathan Cook – Papers Chair – emeraldcoastsfte@gmail.com

Subject: '[2017 Abstracts] – *LastName – Abstract Title*'
